

UPDATE: NOTE OUR NEW CONVENTION DATE!

California Federation Biennial Convention

~~May 3-5, 2021~~

October 18-20, 2021

Building on a Century of Progress as NARFE turns 100!

NARFE's 2021 California Federation Convention in San Luis Obispo has been re-scheduled for October 18-20.

We asked you last Fall to pencil in the dates for the NARFE California Federation Convention. Now we need to ask you to erase those dates and write in the new ones. While most NARFE members have probably received their COVID vaccinations, the Federation's Board voted to delay the convention until later in the year when we can be more confident that most everyone will have immunity and Hotel, Restaurant and Tourist activities will be back to pre-COVID normal.

Convention Details

The convention is now scheduled for Monday to Wednesday, October 18-20 at the **Hilton Embassy Suites** in San Luis Obispo. While the dates are changed, the convention itself will be the same: a mix of talks, workshops and social events including a welcome reception Monday evening, a Tuesday luncheon and a closing banquet on Wednesday.

Tammy Flanagan, an expert on Federal Retirement and a regular writer for both NARFE and Federal Executive magazines will be the featured speaker at the convention. We expect Tammy will also lead one or two convention workshops.

2021 is the 100th anniversary of the founding of NARFE and the Executive Board is highlighting this notable milestone with the convention theme "**Building on a Century of Progress**". Please consider attending this convention in one of the most beautiful parts of our state, meeting other members from around California and learning about NARFE, its legislative agenda and the services it offers.

More information will follow in the coming months leading up to October 18, 2021.

Convention Co-chairs Ron Griffin & Steve Walter
