

DATE: January 19, 2021

FROM: Barb Leetch, Region VIII Alzheimer's Coordinator

TO: Region VIII VP, Federation Presidents and Alzheimer's Coordinators

SUBJ: NARFE Region VIII Alzheimer's Association Reports for December 2020

As of the end of December, the NARFE fundraising total is \$13,700,197. During the month of December, our members raised a total of \$36,740 **down** \$33,776 from donations received in December 2019. NARFE has raised \$126,524 for the six months in FY 2021. The amount raised by Region VIII in FY 2021 is \$5,812 which is **down** \$4,595 from the same reporting period in FY 2020. Below is the breakout by Federation for both reporting periods:

	FY 2021	FY 2020	Difference
California	\$4,742	\$8,336	-\$3,594
Hawaii	\$ 335	\$1,566	-\$1,231
Nevada	\$ 735	\$ 505	\$ 230
Total	\$5,812	\$10,407	-\$4,595

Our national goal of \$14 million has been extended to December 31, 2022, due to the COVID-19 virus and that many of the chapters are not currently meeting. This was decided by the NARFE Alzheimer's National Committee Annual Meeting in September 2020.

The donations have significantly decreased because chapters are not meeting due to the COVID-19 pandemic. Please continue to donate by sending your contribution to your Chapter Alzheimer's Coordinator or Treasurer. Donations can also be made on-line at https://act.alz.org/site/Donation2?df_id=9443&9443.donation=form1&_ga=2.83762454.1038752795.1599256840-297183105.1544640010. The form in the NARFE Magazine can also be used. Your Federation and Chapter Number need to be added to ensure that your chapter receives credit. The form in the NARFE Magazine can also be used.

Additional Congressional Funding. Great News! The \$300 million increase in federal Alzheimer's and dementia research funding has been signed into law. With this action, Alzheimer's and dementia research funding at the National Institutes of Health (NIH) has reached \$3.1 billion annually.

Also, \$15 million to fund and implement the BOLD Infrastructure for Alzheimer's Act (P.L. 115-406) and the Improving HOPE for Alzheimer's Act (S. 880/H.R. 1873) were also signed into law. The BOLD Infrastructure for Alzheimer's Act strengthens the public health infrastructure across the country by implementing effective Alzheimer's interventions focused on public health issues such as increasing early detection and diagnosis, reducing risk, and preventing avoidable

hospitalizations. The Improving HOPE for Alzheimer's Act will increase education and outreach to providers about Alzheimer's and dementia care planning services available through Medicare.

The Alzheimer's Association has developed a website that is available to NARFE members. The URL is alz.org/narfemembers. This website is very easy to use and provides current information on such topics as Alzheimer's, dementia, research, treatments, caregivers, etc. On this website you can also sign up for the free weekly e-News. To access the registration for the newsletter, select the "e-News" tab on the top of the opening page. I encourage all of you to view the website to see all of the relevant information that is now available to you. The website is a wonderful source to obtain articles on Alzheimer's for your chapter websites, meetings, and newsletters.

A special thanks to all of you for your efforts in fighting for a cure. I hope you remain safe and healthy during the pandemic.

Regards,
Barb Leetch
