Alzheimer's Stamp: The U.S. Postal Service reinstated sales of the Alzheimer's Disease Research Semi-Postal Stamp in October 2020. Before it was withdrawn in November 2019, over 8.2 million stamps were sold raising \$1,061,777 for National Institutes of Health (NIH) supported research to advance better treatments, prevention, and cure of Alzheimer's and related dementias.

Recently, the sales of the stamp have been down. Please purchase the stamp to continue raising funds. We don't want the U.S. Postal Service to withdraw the stamp when a lot of effort went in to getting it reinstated. Some NARFE chapters use the stamp as a fund raising event by selling the stamp for more than it costs.

A special thanks to all of you for your efforts in fighting for a cure.
